**HAVE A PASSION FOR COMBATting HUMAN TRAFFICKING?
WANT TO MAKE A DIFFERENCE?**

Anti-Trafficking International (ATI) cultivates a community of supporters to spread awareness about human trafficking in all sectors of society. ATI Community Ambassadors raise awareness, educate, and empower individuals to take action to fight human trafficking by leading community speaking engagements, identifying gaps, and advocating for program implementation.

Join us as we:

-  **Educate** communities in identifying and recognizing the signs of human trafficking
-  **Empower** communities to create an inhospitable environment for traffickers
-  **Inspire** communities to take action to spread awareness about human trafficking
